

Join The PPTA Team! – We welcome you to join PPTA. While many states have two state associations, PPTA is the **ONLY** transit association in Pennsylvania.

Comprised of organizations interested in public and community transportation, members represent all facets of the industry. Shared-ride programs, Medical Assistance transportation programs, providers of coordinated transportation, urban systems, rural providers and the multi-modal systems of Pittsburgh and Philadelphia are represented. A rich cross-section of industry suppliers, consultants and government agencies interested in progressive public transportation policies are PPTA's valued associate members.

PPTA hosts four (4) meetings per year, and works with APTA, CTAA, PennTRAIN, Mid-Atlantic RTAP and the Keystone Transit Career Ladder Partnership on several others. Our annual Spring Conference and Expo is held in April in south central Pennsylvania. Our Summer Meeting, Bus & Paratransit Rodeo and Golf Outing is held the first or second week of August in the town of our host transportation system. In early November, our Winter Meeting also is held in the town of our transit system host. PPTA's annual government affairs conference is held in February in Harrisburg. We also offer a multitude of training/educational opportunities throughout the year.

PPTA associate members receive preferred pricing and placement in our annual EXPO. A membership directory, which includes profiles of nearly every transportation system in the Commonwealth, all our electronic mailings, info, and much more are benefits for all members.

With a membership in PPTA, your organization can benefit from the exchange of information and technology, take advantage of training and technical assistance opportunities, participate in the process and development of public policy, and engage in a forum to promote public transportation's commitment to service throughout the Commonwealth. Through conferences, seminars, rodeos, legislative and regulatory initiatives and informative communications, each member of PPTA is enhanced and sets a standard of achievement in the transportation industry.

Our association is unique in that nearly every PA transportation provider is a member. Please look over the attached info and give me a call if you have any questions. For a relatively small investment in PPTA, your organization can reap significant benefits and boast to PA systems that you are a proud member of the PPTA team. I look forward to receiving your application!

-- Marti Pierce, PPTA Executive Director
